

Yevhenii Hrebenshchykov

Trainee / Junior Front-End Developer

SUMMARY

I have a bachelor's degree in Information Systems and Technologies. Now I am studying for a master's degree. I am actively learning JavaScript and React. I want to get my first commercial and teamwork experience and become a part of a project. I want to find a motivated and friendly team from which I can learn something. I consider an internship as an option to improve my skills. I also consider changing direction, framework, etc. if necessary.

SKILLS

CSS JavaScript HTML GIT Bootstrap TailwindCSS
SCSS React TypeScript REST API Figma Redux
